ABOUT SINCERE

Shandong Sincere Hygiene Product Co., Ltd. is an import and export enterprise engaged in R&D, production and sales of Hygiene products. With its international standard manufacturing and production centers of more than 30,000 square meters in Shandong, China.

SINCERE acquired numbers of global certifications regarding entire production and product quality control of its Hygiene products such as 'FDA', 'European CE', 'ISO9001', 'ISO13485', SGS quality test report, etc.

With its solid sourcing experience, ultimate quality control of production, tremendous logistic support and professional customer service. SINCERE becomes a reliable supplier of Fortune's global 500 companies.

SINCERE is a socially responsible enterprise that attaches great importance to the R&D, production and use of biodegradable disposable hygiene products and daily necessities. SINCERE aims to bring the safest care to all children, from the start of their bright future, to provide the best biodegradable Hygiene products to every lady in their life and to offer the gentlest protection to every elder in the world. At the same time, take care of our planet !

PRODUCTION CENTER

INTERNATIONAL ADVANCED MANUFACTURING EQUIPMENTS AND PRODUCTION TECHNOLOGIES.

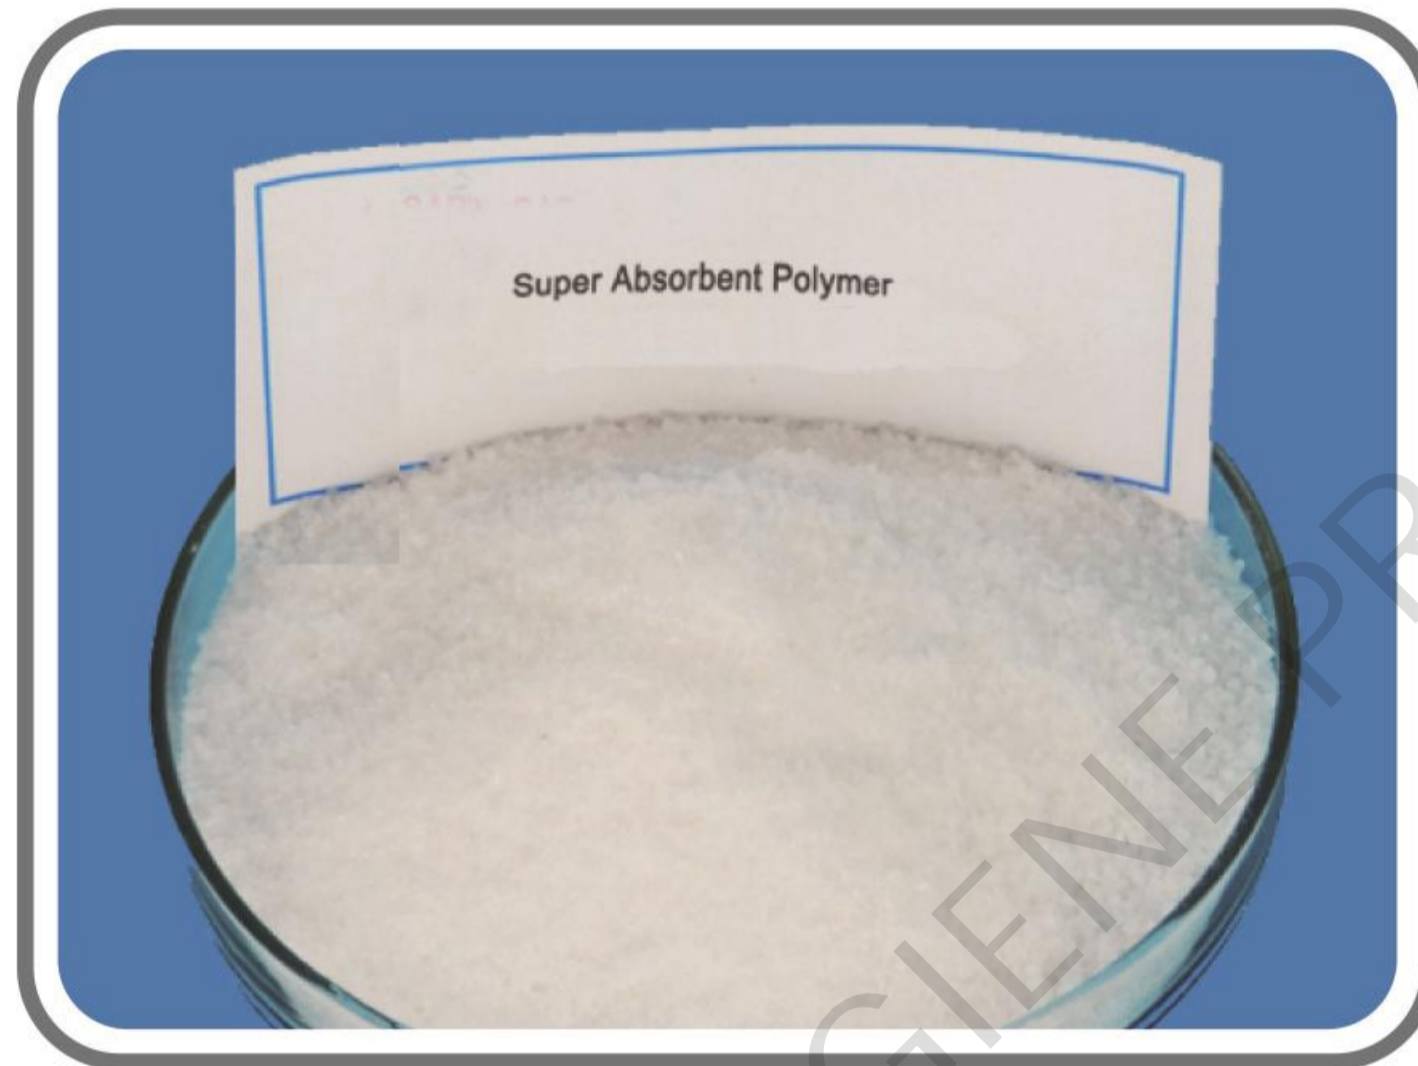

ENTERPRISE HONOR

RAW MATERIAL SUPPLIERS

Cooperated with well-known raw material suppliers on the world, strictly quality control system to guarantee a stable and high quality production.

SANITARY NAPKIN

Corn and Bamboo Fiber Top Layer

natural antibacterial biodegradable surface layer, to prevent self-source bacterial pollution, skin-friendly, hypoallergenic, odor removal.

Full-chip diversion layer

Ultra-large diversion layer design, quick guidance, more leak-proof and more peace of mind.

Airlaid paper

It is preferred to imported biodegradable airlaid paper, and love naturally without adding.

Ultra-thin absorbent core

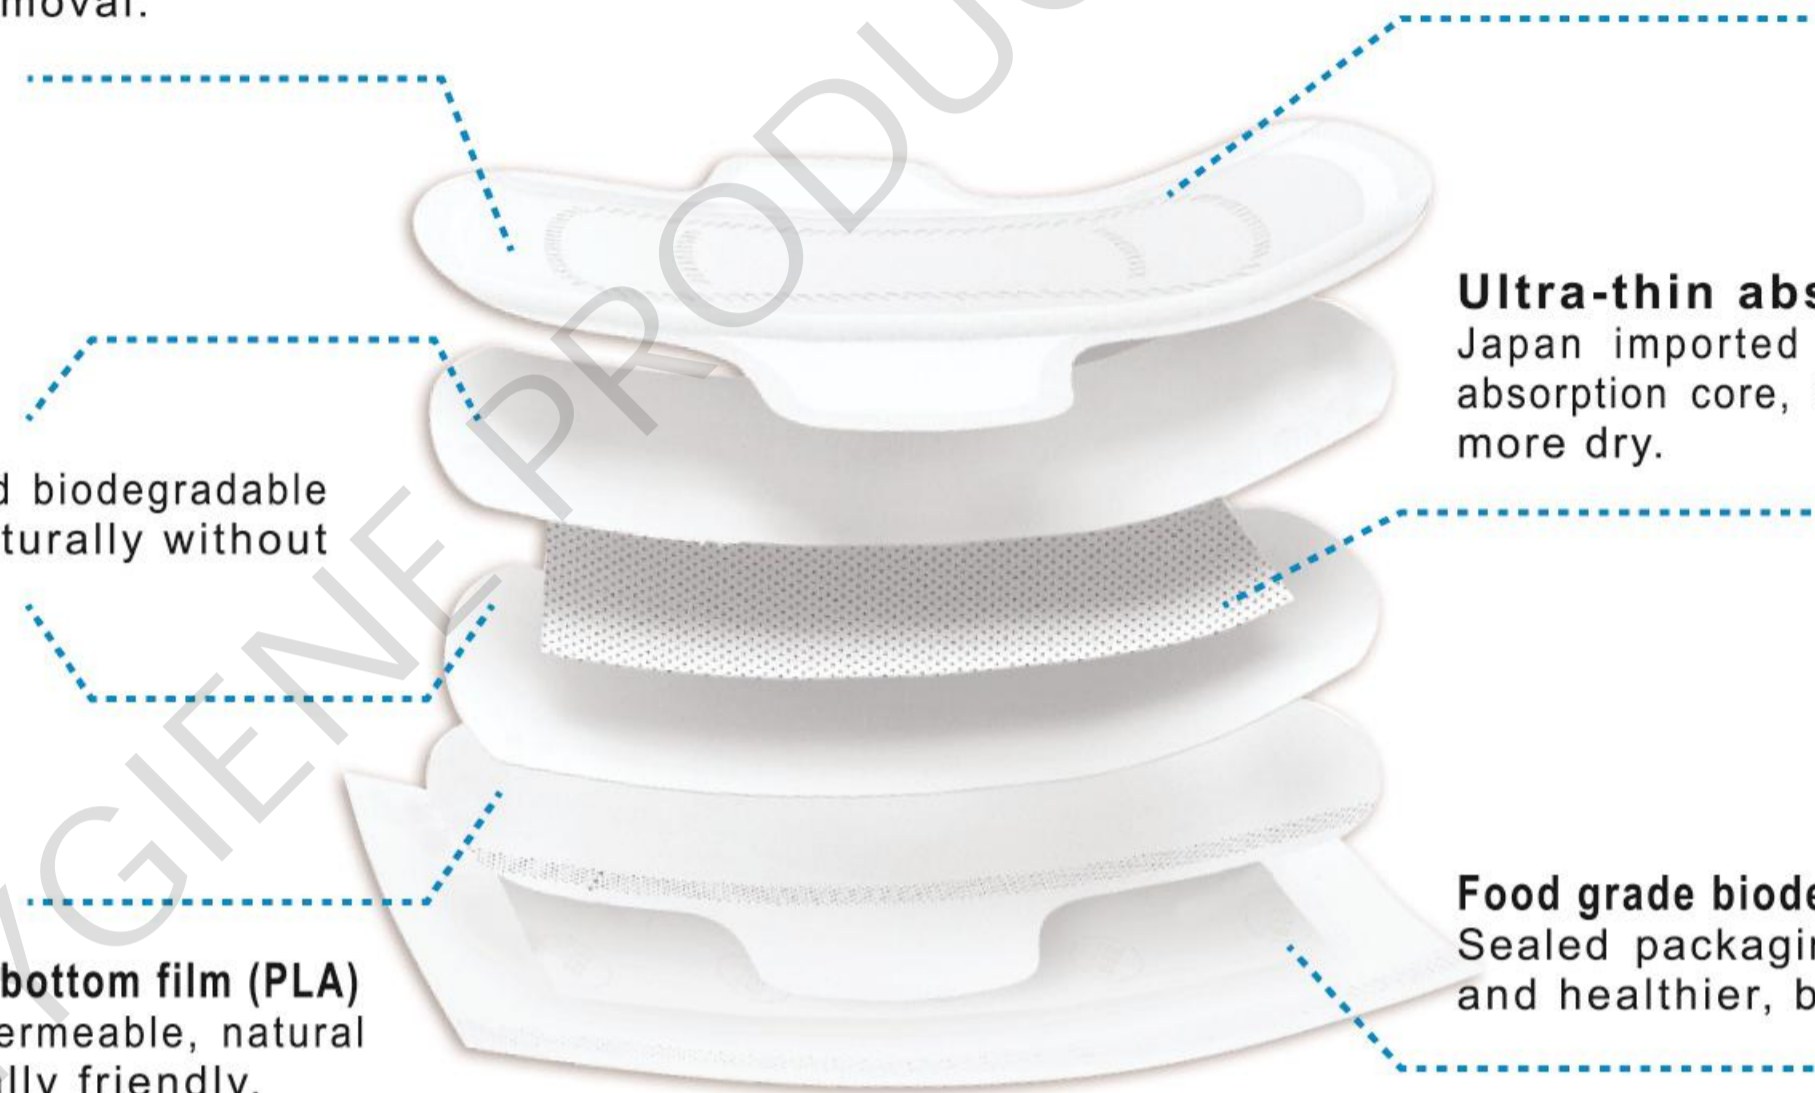

Japan imported Sumitomo high-quality SAP absorption core, instant absorption, lock water, more dry.

Biodegradable breathable bottom film (PLA)

Micron punched, super permeable, natural and more environmentally friendly.

Food grade biodegradable wrapper film (PLA)

Sealed packaging, isolated pollution, safer and healthier, biodegradable.

“Sincere” Sanitary Napkins use corn and bamboo fiber as top sheet. the main raw materials is corn fiber and bamboo fiber, effectively combine corn fiber's softness and bamboo fiber's super water absorption, antibacterial properties. Avoid the hurt from the traditional sanitary supplies to women and babies fundamentally.
